# FAQ

## What is the HVCC Summer Program?

HVCC Summer Program helps youth begin to build the skills they will need to become leaders who solve issues and problems facing our community and society. We offer a safe, warm and comfortable space for youth to continue learning and try new things. HVCC is dedicated to providing the supports our participants need, while also making sure they have fun and build strong relationships.

## When does all of this happen?

We are here Tuesday, Wednesday, and Thursday from 8 a.m. – 5 p.m. Youth attend lessons and work on projects during the summer program. On Wednesdays we offer a variety of trips, including swimming, theatre, hiking and other interesting trips around the Valley.

## What do youth get out of it?

Many HVCC participants count on us for fun activities, life skills, and just to know that they have more people on their team. We work closely with many youth-serving organizations, locally and around the state, to make sure we are delivering the best and highest quality activities to our participants.

As it is needed, we can also offer specialized services to participants including access to our washer and dryer, food for the weekend, support addressing learning loss, or even access to a shower and basic toiletries. It is our mission to ensure that participants have the tools they need to succeed.

## How do youth get involved?

Youth who are at least age 5 and entering Kindergarten or above are welcome to come hang out with us on any program day. A parent or guardian must come in to HVCC to register the student, which will give us some contact information, share health concerns and let us know how your child(ren) will be getting home. It doesn't matter if it's a Tuesday or Thursday, June or July—they can start anytime.

## How often do they have to come to HVCC?

Participants can come by as often as they like, but we would love for them to come whenever they can.

## Who do I ask if I have questions?

If you talk to anyone at HVCC, they can probably answer your question, or at least direct you to someone who can. We look forward to visiting with you.
